## 6-7060: 3 Ply FS x F CL5

**Color:** Green

**Plies:** 3

**Nom. OAG:** 0.04" +/- 0.01"

**Fabric:** Polyamide

**Top Surface:** Adhesive

**Bottom Surface:** Bare

**Compound:** NBR

**Work Tension:** 46 lbs./PIW

**Weight:** 0.016 lbs./PIW

**Minimum Pulley:** 0.8"

**Backflex Min. Pulley Dia.:** 1.2"

**Working Temp:** -4 to 212 °F

**Attributes:** Anti-Static

### Features

6-7060 is engineered as a durable processing belt for paper handling applications requiring strong abrasion resistance and stable tracking. The carcass structure provides strength and dimensional stability under repetitive load.

The belt moves product smoothly through cutting, folding, printing, and finishing sections, ensuring predictable handling even at elevated speeds.

6-7060 is commonly used in paper converting lines, printing facilities, packaging plants, and general paper-processing environments where reliability and smooth product flow are essential.
