## 6-7120: FS X F QM8S / Quickmelt

**Color:** Green

**Plies:** 1

**Nom. OAG:** 0.078" +/- 0.005"

**Fabric:** Polyamide

**Top Surface:** Adhesive

**Bottom Surface:** Bare

**Compound:** NBR

**Work Tension:** 15 lbs./PIW

**Weight:** 0.024 lbs./PIW

**Minimum Pulley:** 0.78"

**Backflex Min. Pulley Dia.:** 1"

**Working Temp:** -4 to 140 °F

### Features

6-7120 features an abrasion-resistant compound designed for continuous machine-tape operation. It maintains consistent grip and smooth tracking during fast, repetitive contact with rollers and pulleys.

The belt's construction offers long wear life, reduced shedding, and reliable operation through tight turns and transitional zones common in paper-processing equipment.

6-7120 is widely used as a machine tape in paper converting, printing, finishing, and packaging lines where stable performance and durability are required.
