Backflex Min. Pulley Dia.: 4.5"

Working Temp. (F): 0 to 250

Max. Stocked Width: 72"

Attributes: FDA Compliant, Oil Resistant

Top Cover Coefficient of Friction: 1.3

Bottom Cover Coefficient of Friction: 0.4

Features: 1-4002Z features a ziplink splice to solve problems in applications where lace retension or installing an endless belt is a problem. Tylerwire Ziplink is a problem solving belt for light and medium industrial applications. The Ziplink splice is smooth and non-metallic and combines the convenience of a laced belt with the splice tension rating of an endless belt. This belt is used in bakery applications and anywhere a belt with a slight impression is needed.
